

PREFABRICATED BUILDING SOLUTIONS

ESTABLISHED 1933
FABRICATED STEEL MANUFACTURING COMPANY (PTY) LTD

For over 75 years, Fabricated Steel Manufacturing Company has specialised in the manufacturing, supply and erection of prefabricated building systems in Africa.

Select a solution that would suit your business needs best:

Modular Building System

Interlocking Panel System

Fast Space Mobiles

Folding Unit

Polycore Building System

Converted Containers and conversion kits

MODULAR BUILDING SYSTEM

A precision-made building system with a steel structure, double skinned fibre cement walls, and a proven life span of over 50 years.

IDEAL FOR: • Permanent and long term projects • Camps (dormitories, ablutions, kitchens and dining rooms)
• Schools and clinics

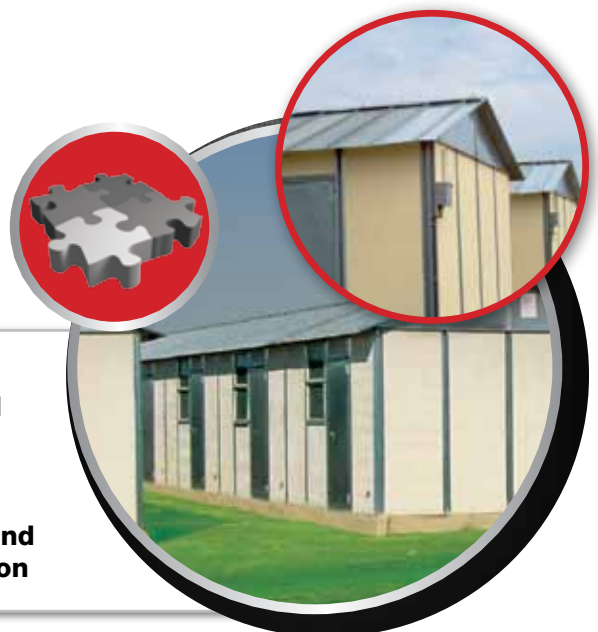

Agrément Certificate

INTERLOCKING PANEL SYSTEM

A single skinned interlocking building system that requires no nuts or bolts, and can be erected with unskilled labour. It is easily dismantled and relocated.

Available for rental or purchase.

IDEAL FOR: • Emergency / temporary housing • Storerooms and site canteens • Low cost housing • Offices and accommodation

MOBILE FOLDING UNITS

FSM's unique patented fully collapsible mobile units can be erected on site in under 5 minutes.

IDEAL FOR: • Site offices and accommodation • Applications requiring significant • Transport distances

FAST SPACE MOBILES

A custom designed building system that is delivered ready to use, fully wired and plumbed for immediate occupation.

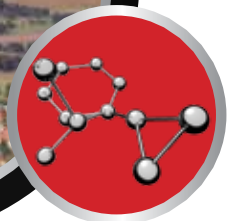

Available for rental or purchase.

IDEAL FOR: • Homes • Site offices • Clinics

POLYCORE BUILDING SYSTEM

A cost effective accommodation solution that uses a chromadek and polystyrene sandwich panel and a choice of 3 different roofing options. This system is supplied in knocked down form to be erected on site.

IDEAL FOR: • Dormitories • Ablutions • Offices
